

INTERNAL USE ONLY

Document Journey Guide

The complete Vektor document suite — what each document is, when to use it, who it is for, and how it fits the Founding Mandate sales journey.

NOT FOR EXTERNAL DISTRIBUTION

May 2026

OVERVIEW

This guide maps the complete Vektor document suite — 43 files across two naming groups — against the seven stages of the Founding Mandate sales journey. For each document: what it is, when to deploy it, who it is for, and its canonical filename. Internal documents are marked. This document is not for external distribution.

NAMING CONVENTION

vektor-[name].pdf / .docx	Commercial documents, support documents, decks, NDA, internal guides
wp[00-10]-[name].pdf / .docx	Vektor Research Series white papers (WP-00 index through WP-10)
vektor-deck[1-5]-[name].pptx	Presentation decks (five decks, each for a specific meeting type)

COMPLETE FILE INVENTORY

All 43 files in the canonical outputs folder, by category.

COMMERCIAL DOCUMENTS (vektor- prefix, PDF + Word)

DOCUMENT	FILENAME	PURPOSE	PRIMARY AUDIENCE
Vektor at a Glance	vektor-at-a-glance.pdf / .docx	One-page executive overview of the platform	All audiences — first contact
Why Vektor	vektor-why-vektor.pdf / .docx	Commercial argument for systematic portfolio management	DPMs, family office principals
The Vektor Brand Story	vektor-brand-story.pdf / .docx	Origin, philosophy, and mission	Founders, principals, cultural fit conversations
Platform Brochure	vektor-brochure.pdf / .docx	Full eleven-step platform workflow with screenshots	DPMs, PMs, operations — anyone evaluating the platform
Mutual NDA	vektor-mutual-nda.pdf / .docx	Singapore-law mutual confidentiality agreement	Any counterparty before detailed information sharing
Founding Mandate Programme ■ NEW	vektor-founding-mandate-programme.pdf	Complete programme specification — commercial terms, partner obligations, slot availability, twelve-month founding period	Prospective Founding Mandate partners (post-NDA)

RESEARCH SERIES (wp prefix, PDF; WP-01 to WP-06 also in Word)

DOCUMENT	FILENAME	PURPOSE	PRIMARY AUDIENCE
WP-00: Research Series Index	wp00-research-series-index.pdf / .docx	Catalogue of all ten research papers with abstracts	Any reader receiving the white paper series

DOCUMENT	FILENAME	PURPOSE	PRIMARY AUDIENCE
WP-01: Quantitative Portfolio Construction	wp01-quantitative-portfolio-construction.pdf / .docx	Five-stage framework — universe screening to benchmark validation	DPMs, family office analysts, institutional allocators
WP-02: Per-Instrument Signal Optimisation	wp02-signal-optimisation.pdf / .docx	Grid search methodology and XGBoost validation layer	Quant analysts, systematic traders, technical DPMs
WP-03: Capital Allocation Precision	wp03-capital-allocation.pdf / .docx	Weights to positions — lot rounding, cash buffer, efficiency	DPMs, operations teams, family office managers
WP-04: Technical Indicator Selection	wp04-indicator-selection.pdf / .docx	Six indicators, grid search, Sharpe objective, overfitting controls	Quant analysts, risk managers
WP-05: Multi-Currency Portfolio Infrastructure	wp05-multi-currency.pdf / .docx	FX rate collection, position-level conversion, base currency	Multi-mandate family offices, cross-border DPMs
WP-06: Audit Trail & Compliance Architecture	wp06-audit-compliance.pdf / .docx	Three-role model, complete action logging, compliance architecture	Compliance officers, institutional due diligence teams
WP-07: Production Infrastructure & Technical Architecture	wp07-technical-architecture.pdf	AWS stack, architecture diagram, decision log, region-agnostic design	CTOs, technical due diligence teams
WP-08: AI as Instrument	wp08-ai-ml-philosophy.pdf	ML governance, human approval gates, MAS/SFC/FCA alignment	Compliance officers, risk committees, institutional DD

DOCUMENT	FILENAME	PURPOSE	PRIMARY AUDIENCE
WP-09: Risk & Limitation Disclosure	wp09-risk-disclosure.pdf	Fourteen risks across four categories — mitigations and roadmap	Due diligence teams, risk committees, compliance officers
WP-10: Evaluating Systematic Strategy Performance	wp10-evaluating-performance.pdf	Sharpe, drawdown, benchmark, signal decay, walk-forward validation	DPMs, family office analysts, CIOs

SUPPORT DOCUMENTS (vektor- prefix, PDF)

DOCUMENT	FILENAME	PURPOSE	PRIMARY AUDIENCE
Due Diligence Navigation Guide	vektor-dd-navigation-guide.pdf	Which document answers which question — 13-step reading sequence	Founding Mandate partners, institutional DD teams
FAQ — Frequently Asked Questions	vektor-faq.pdf	12 plain-language questions and direct answers	DPMs, family office principals, conference contacts
Workflow Integration Guide	vektor-workflow-integration-guide.pdf	Replaces / Augments / Unchanged — task-by-task workflow map	DPMs evaluating Vektor alongside existing infrastructure
Website Specification	vektor-website-specification.pdf	Seven-page site specification and Webflow build guide	Internal — web build team

PRESENTATION DECKS (vektor-deck prefix, PPTX)

DOCUMENT	FILENAME	PURPOSE	PRIMARY AUDIENCE
Deck 1 — 60-Minute Meeting	vektor-deck1-sixty-minute-meeting.pptx	12 slides — primary sales deck for DPMS and family office principals	DPMS, family office principals
Deck 2 — Technical Deep Dive	vektor-deck2-technical-deep-dive.pptx	14 slides — quant methodology, architecture, AI governance	Quant analysts, CIOs, technical evaluators
Deck 3 — Institutional Partner	vektor-deck3-institutional-partner.pptx	13 slides — partnership framing for established institutions	Large DPMS, established family offices
Deck 4 — Lightning Deck	vektor-deck4-lightning-deck.pptx	6 slides — conference and event first-contact deck	Mixed audience — conferences, events

DOCUMENT	FILENAME	PURPOSE	PRIMARY AUDIENCE
Deck 5 — Due Diligence Presentation	vektor-deck5-due-diligence.pptx	9 slides — governance and risk review for compliance/CTO	Compliance officers, CTOs, risk committees

INTERNAL DOCUMENTS (vektor- prefix, PDF + Word where applicable)

DOCUMENT	FILENAME	PURPOSE	PRIMARY AUDIENCE
Internal Document Journey Guide [INTERNAL]	vektor-internal-document-journey.pdf / .docx	This document — complete suite map and sales journey guide	Internal team only — not for external distribution
Brand Build Specification [INTERNAL]	vektor-brand-build-specification.pdf / .docx	Brand system specification — colours, typography, components	Internal team, design partners

THE FOUNDING MANDATE SALES JOURNEY

Seven stages from cold outreach to signed mandate — with the right document for every moment.

The DD Navigation Guide (vektor-dd-navigation-guide.pdf) is the external-facing version of this journey map. This internal guide goes deeper — it includes sequencing rationale, talking points, and internal notes for each stage.

STAGE 1

COLD OUTREACH

First contact — no prior relationship

ACTION	DOCUMENT	FILENAME	NOTES
SEND	Vektor at a Glance	vektor-at-a-glance.pdf	One page. Establishes what Vektor is and the Founding Mandate concept. Low commitment ask — easy to forward.

Also available: Deck 4 (Lightning Deck) if presenting at a conference or event. FAQ as an optional attachment if the contact has asked a question the At a Glance does not answer.

Goal: one follow-up meeting. Do not send more than one document at this stage — information overload kills first contact.

STAGE 2

FIRST TOUCH MEETING

Interest established — 30-minute intro call

ACTION	DOCUMENT	FILENAME	NOTES
PRESENT	Deck 4 — Lightning Deck	vektor-deck4-lightning-deck.pptx	6 slides. Commercial argument and Founding Mandate proposition. Designed to fit a 20-minute slot with 10 minutes for questions.
LEAVE BEHIND	Vektor at a Glance	vektor-at-a-glance.pdf	The one-pager they take away. Simple, scannable, shareable.
LEAVE BEHIND	FAQ	vektor-faq.pdf	12 plain-language answers to the questions that always come up. Useful for contacts who need to brief a colleague or principal.

Goal: 60-minute follow-up meeting with the decision-maker. Qualify: are they a DPM, family office, or emerging manager? Which deck is correct for the 60-minute meeting?

Goal: 60-minute follow-up meeting with the decision-maker.

STAGE 3

60-MINUTE SALES MEETING

Decision-maker in the room

ACTION	DOCUMENT	FILENAME	NOTES
PRESENT	Deck 1 — 60-Minute Meeting	vektor-deck1-sixty-minute-meeting.pptx	12 slides. Full platform story, workflow integration map, risk honesty slide, Founding Mandate proposition. Sequenced: context → platform → workflow fit → risks → FMP.
LEAVE BEHIND	Platform Brochure	vektor-brochure.pdf	The full workflow with screenshots. Best read after the meeting when the context from the presentation is fresh.
LEAVE BEHIND	Why Vektor	vektor-why-vektor.pdf	The commercial argument in full. For the principal who wants the reasoning, not just the features.
OPTIONAL	Workflow Integration Guide	vektor-workflow-integration-guide.pdf	If the conversation has gone deep on 'how does this fit my workflow?' — send this as a follow-up within 24 hours.

Also available: If the meeting involves a quant analyst or CIO alongside the principal, have Deck 2 (Technical Deep Dive) available as a pivot.

Goal: NDA signed and a second meeting scoped. At this stage the partner should receive the mutual NDA.

STAGE 4

SERIOUS CONVERSATION

NDA signed — substantive due diligence begins

ACTION	DOCUMENT	FILENAME	NOTES
SEND	Mutual NDA	vektor-mutual-nda.pdf	Singapore law primary. Must be reviewed by qualified Singapore solicitor before use. Do not send unsigned.
SEND	Founding Mandate Programme	vektor-founding-mandate-programme.pdf	Send at this stage — the first time commercial terms and programme structure are discussed in detail. Reference: IP-FMP-260501-1.0.

ACTION	DOCUMENT	FILENAME	NOTES
SEND	DD Navigation Guide	vektor-dd-navigation-guide.pdf	Send with the full white paper suite. Tells the partner which document to read in response to which question. The 13-step recommended sequence is the reading roadmap.
SEND	WP-01: Portfolio Construction	wp01-quantitative-portfolio-construction.pdf	The foundational methodology paper. Should be read first in the white paper series.
SEND	WP-09: Risk Disclosure	wp09-risk-disclosure.pdf	Send proactively — do not wait to be asked. Intellectual honesty at this stage builds trust faster than any feature demonstration.
SEND	WP-10: Evaluating Performance	wp10-evaluating-performance.pdf	Gives the partner the vocabulary to evaluate strategy outputs. Read before any strategy demonstration.

Also available: Send the full Research Series (WP-01 through WP-10) with the DD Navigation Guide as the cover document. The partner reads in the sequence that matches their questions.

Goal: due diligence meeting scoped — either Deck 2 (technical) or Deck 5 (governance/compliance) depending on who is doing the DD.

STAGE 5

TECHNICAL DUE DILIGENCE

Quant analyst, CIO, or CTO in the room

ACTION	DOCUMENT	FILENAME	NOTES
PRESENT	Deck 2 — Technical Deep Dive	vektor-deck2-technical-deep-dive.pptx	14 slides. Quantitative methodology, architecture diagram, AI governance, performance evaluation framework. For quant analysts and CIOs evaluating the engine.
REFERENCE	WP-02 through WP-04	wp02 / wp03 / wp04	Signal optimisation, capital allocation, indicator selection. Have these available for deep dives on specific methodology questions.
REFERENCE	WP-07: Technical Architecture	wp07-technical-architecture.pdf	AWS stack, architecture diagram, decision log. For CTOs and technical evaluators.
REFERENCE	WP-10: Evaluating Performance	wp10-evaluating-performance.pdf	If the CIO asks 'how do I evaluate this?' — the performance evaluation slide in Deck 2 covers this, and WP-10 is the full reference.

Goal: technical sign-off from the quant/CTO stakeholder. Compliance/governance review is the next stage if not concurrent.

STAGE 6

COMPLIANCE & GOVERNANCE REVIEW

Compliance officer, risk committee, or legal counsel

ACTION	DOCUMENT	FILENAME	NOTES
PRESENT	Deck 5 — Due Diligence Presentation	vektor-deck5-due-diligence.pptx	9 slides. Leads with audit trail and human approval gates. AI governance. Risk summary. Regulatory alignment (MAS/SFC/FCA). Designed for compliance officers and risk committees — not a sales deck.
REFERENCE	WP-06: Audit Trail & Compliance	wp06-audit-compliance.pdf	The detailed compliance architecture. Compliance officers should read this in full.
REFERENCE	WP-08: AI as Instrument	wp08-ai-ml-philosophy.pdf	AI governance and regulatory alignment. MAS FEAT / SFC TM-G-1 / PRA SS1/23 references included.

ACTION	DOCUMENT	FILENAME	NOTES
REFERENCE	WP-09: Risk Disclosure	wp09-risk-disclosure.pdf	The structured risk analysis. Should already have been sent at Stage 4 — if not, send before this meeting.
REFERENCE	WP-07: Technical Architecture	wp07-technical-architecture.pdf	For the CTO or head of technology attending the governance review. Data residency, security, encryption — all in Section 7.

Goal: governance and compliance sign-off from the institutional machinery. Once this is done, the commercial decision is the only remaining gate.

STAGE 7

FOUNDING MANDATE CLOSE

Commercial terms and onboarding

ACTION	DOCUMENT	FILENAME	NOTES
PRESENT	Deck 3 — Institutional Partner	vektor-deck3-institutional-partner.pptx	13 slides. Partnership framing — 'a different kind of partnership.' Integration architecture. Founding Mandate commercial terms. Designed for the close conversation with the principal.
REFERENCE	Founding Mandate Programme	vektor-founding-mandate-programme.pdf	Should already have been read at Stage 4. If not, send before this conversation. The commercial terms, programme obligations, and three-step engagement path are all in this document.
REFERENCE	Brand Story	vektor-brand-story.pdf	Optional — for partners who want to understand the people and philosophy behind the platform before committing.
ACTION	Mutual NDA (if not yet signed)	vektor-mutual-nda.pdf	If NDA has not been executed, execute before discussing specific commercial terms.

At this stage the partner has completed due diligence. The conversation is about terms, configuration, and onboarding timeline. Deck 3 frames this as a partnership, not a purchase.

Goal: signed Founding Mandate agreement. Onboarding scoped. Platform configuration begins.

DEPLOYMENT RULES

Standing instructions for document distribution.

Never send more than the stage requires

Information overload at the wrong stage is a sales killer. The cold outreach stage sends one document. The serious conversation stage sends the full suite with a navigation guide. Every document has a stage. Respect the sequence.

Always send WP-09 before asking for a decision

Risk disclosure sent proactively signals intellectual honesty. Risk disclosure sent in response to a question signals defensiveness. Send WP-09 at Stage 4, without being asked.

Always send the Founding Mandate Programme document at Stage 4

The FMP (vektor-founding-mandate-programme.pdf) is the first document that defines commercial terms and programme obligations in full. It should be sent when the NDA is signed, not withheld until Stage 7. A partner who arrives at Stage 7 without having read the FMP is unprepared for the close conversation.

The DD Navigation Guide always accompanies the white paper suite

Never send ten white papers without the navigation guide. A partner who receives the full suite without the guide faces an orientation problem. The guide converts it into a reading journey.

Internal documents are never distributed externally

vektor-internal-document-journey.pdf and vektor-brand-build-specification.pdf are internal only. They are not referenced in any external document.

The Mutual NDA must be reviewed by a Singapore solicitor before use

This is stated in the NDA itself and repeated here. Do not use the NDA as a live document without qualified legal review.

Deck selection follows audience, not preference

Deck 1: DPM/principal. Deck 2: quant/CIO/CTO. Deck 3: institutional partner close. Deck 4: conference/event. Deck 5: compliance/governance. Using the wrong deck for the wrong audience undermines credibility.

QUICK REFERENCE — DOCUMENT BY AUDIENCE

If you know the audience but not the stage.

DPM / Portfolio Manager	At a Glance → Brochure → Why Vektor → Deck 1 → FMP → WP-01, WP-02, WP-03
Family Office Principal	At a Glance → FAQ → Deck 1 → FMP → Brand Story → WP-09 → Deck 3
Quant Analyst / CIO	WP-01 → WP-02 → WP-04 → WP-10 → Deck 2 → WP-07
Compliance Officer	WP-06 → WP-08 → WP-09 → Deck 5
CTO / Head of Technology	WP-07 → Deck 2 (architecture slides) → Deck 5
Risk Committee	WP-09 → WP-08 → WP-06 → Deck 5
Conference / Event Contact	Deck 4 → At a Glance → FAQ
Legal Counsel	Mutual NDA → WP-06 → WP-09

This document should be updated whenever a new document is added to the suite or a document is revised.

Current version: May 2026. **43 files. 7 stages.** NOT FOR EXTERNAL DISTRIBUTION.
