SECTION 01 · MANDATORY PRE-READ

Before writing any copy for this site, read the InvestPuppy Brand Voice Guide (IP-BVG-260508-1.0).**Why this is mandatory**

The Brand Voice Guide establishes the standard every sentence on this site is measured against. The copy direction notes in this specification describe what to say. The Brand Voice Guide describes how to say it.

THREE PRINCIPLES THAT GOVERN THIS SITE SPECIFICALLY

Principle 01 — Honest before impressive

Every page leads with what is true, including limitations. The home page carries a scope statement. The Why Vektor page carries the full nine NOT statements. The /what-we-are-not page exists. No page makes a claim that is not supported by evidence elsewhere in the site.

Principle 05 — Dry, not breathless

No exclamation marks. No "revolutionary", "cutting-edge", or "game-changing". The site does not describe itself as impressive. The content is impressive. The writing is precise.

Principle 09 — Short, then deep

The home page is ninety seconds. The platform page is the brochure translated. The research page leads to ten white papers. This is the correct sequence. Do not put depth on the home page or brevity in the research series.

SECTION 02 · DESIGN SYSTEM UPDATES

Two new components added since v1.0. All other components in v1.0 remain valid.

NEW COMPONENT — NOT BLOCK

Property	Value
Purpose	Display a "What Vektor Is Not" statement

Paired with	IS block (gold left border, #111116 bg) for the positive statement

NEW COMPONENT — NAME CARD

Answer text	Two lines max. Links to full story on /why-vektor
Style	Dark card · gold top bar · single-column · centred

Used on	/ (Home) only

SECTION 03 · SITE ARCHITECTURE — 8 PAGES

Change from v1.0

v1.0 specified seven pages. v2.0 adds an eighth: /what-we-are-not. This page should appear in the navigation between /why-vektor and /research.

NAVIGATION CHANGE

Updated nav order

Platform · Why Vektor · What We Are Not · Research · Founding Mandate · The Story · Documents "What We Are Not" sits between Why Vektor and Research. It is the honesty bridge between the commercial case and the technical depth. "Founding Mandate" remains visually distinct: gold text, subtle gold border.

SECTION 04 · PAGE SPECIFICATIONS

Italic green copy direction

Copy direction notes in italic green describe what to write. How to write it is governed by the Brand Voice Guide (IP-BVG-260508-1.0). Sections marked [UNCHANGED FROM v1.0] need no rewrite.

The Story

PROSPECT ON ARRIVAL		PROSPECT ON DEPARTURE
Engaged prospect or potential partner. Wants to understand who is behind this.		Understands the problem Vektor was built to solve. Understands the InvestPuppy brand philosophy. Trust in the team is built through the quality of the thinking, not through personal biography.
SECTION	COMPONENTS	COPY DIRECTION

THE PROBLEM (Opening)	H1: The Problem We Decided to Solve · Three sections	<i>[MAJOR UPDATE FROM v1.0] v1.0 specified a Founder's Note and team biography section. These are replaced entirely due to founder anonymity constraint. Open with the problem: boutique DPMs are managing institutional-scale complexity with non-institutional tools. This is not a technology gap. It is an access gap. Vektor exists to close it. Written in first person plural ("we") not attributed to any individual.</i>
TWO MARKS (Brand story)	Vektor mark · InvestPuppy mark · Two-column explanation	<i>Verbatim from Brand Story document — Section 01 and Section 02. "Two marks. One purpose." The name explanation lives here in full, for those who want the full version. Closes with: "Serious when it matters."</i>
THE APPROACH (Philosophy)	Three philosophy cards	<i>"Honest by design. We tell you what we cannot do before we tell you what we can. Rigorous by necessity. The people who use this platform are responsible for other people's money. Independent by choice. We are building this for the teams who chose to work differently."</i>
